

Insurgents are now threatening Midia, fifty miles northwest of Constantinople, and are reported to be attacking the important town of Kirk-Kilios, thirty-two miles from Adrianople. Christian, Greek and Mussulman refugees have arrived at the mouth of the Bosphorus from the neighborhood of Midia, fearing a massacre there. They have been sheltered and fed at Anadol-Kavak by the authorities. The Italian embassy has notified the port that it holds no responsibility for any injury which may be done to the consul of Italy at Monastir, and demands the punishment of those who insulted the consul recently by calling him "glorious" (infidel).

WAR OF EXTERMINATION.

Awful Fate Awaits the Bulgarians of Salonica.

Salonica, European Turkey, (Sunday) Aug. 23.—An insurrectionary movement is afoot in the village of Salonica. It is feared that it threatens Voden, (forty-six miles from here), Salonica, and other towns. The insurrectionary movement is in the general disquietude. The Turkish population is resolved, should disturbances occur, to exterminate all the Bulgarians in this city. Consequently, a number of Bulgarian residents are leaving Salonica.

The Berlin correspondent of the Morning Post. The prince will be allowed ten days to reply. In the event of his refusal, it is understood that the deputation bears a mandate from the Bulgarian people to depose him.

A dispatch from Uskub to the Daily Mail reports that every able-bodied man in the European provinces of Turkey will be called to the colors, a sufficient proof of the gravity of the situation. As a result of Russia's demands all the officials proven guilty of great cruelty in the gilalet of Kossovo by the Anglo-Russian consuls two months ago have been dismissed and punished.

THIRD CHOICE OF BISHOPS.

Rt. Rev. Francis Bourne Will Succeed Archbishop Vaughan.

Rome, Aug. 24.—The congregation of the propaganda met today under the direction of Cardinal Gotti, the prefect. After some discussion it was decided to propose to Pope Pius that he appoint the Rt. Rev. Francis Bourne, bishop of Southwark, England, as archbishop of Westminster, in succession to the late Archbishop Vaughan.

London, Aug. 24.—The decision of the congregation of the propaganda to propose to the pope the appointment of Bishop Bourne of Southwark, to the archbishopric of Westminster somewhat surprised the English Roman Catholics. He was the third choice of the bishops who nominated him by a majority of only one vote. Since he became bishop of Southwark, Mr. Bourne had been energetic, but he was considered arbitrary, especially in regard to the finances in his diocese. On one occasion he publicly declared that he was accountable to God and the pope.

CONCILIATION BOARD.

Important Questions to Be Decided by Umpire Wright.

Wilkesbarre, Pa., Aug. 24.—District President D. D. Nichols, William Dreyer and John F. Paine, of the United Mine Workers of America left for New York today, where they will attend the sessions of the conciliation board, which will begin tomorrow. The board is to be the most important meeting yet held by this board. Umpire Carroll D. Wright is expected to attend with the members and decide five vital questions upon which the board is now deadlocked. It is said that the board will also decide upon the miners' representatives that both again bind themselves to abide by the decision of the umpire, and a resolution to that effect will likely be presented when the several men come together. This session will be of great interest owing to the alleged statement of Mr. Dreyer that he would be in favor of resigning if one of the contentions of the operators touching the right to discharge workmen for any cause except membership in the miners' union be maintained by the umpire.

Should the board disagree over this question the work of the strike committee will no longer be fruitful.

Thirty or More Passengers Injured in Illinois.

BAD WRECK IN WISCONSIN

ONE MAN KILLED AND MANY OTHERS BADLY HURT.

Bloomington, Ill., Aug. 24.—Thirty or more passengers were seriously injured, some perhaps fatally, by a peculiar collision at the junction of the Illinois Central and Lake Erie & Western railroad, two miles southeast of this city, shortly before noon today.

While a passenger train westbound on the latter road was passing over the crossing, a car of stock which was being pushed by a switch engine on the Illinois Central broke loose from the engine and dashed into the side of the passenger train with terrific force, breaking the coach in two and injuring nearly every one of the sixty occupants. The coach was thrown over on its side and partially down an embankment.

The train crew removed the injured to neighboring farm houses for medical care and others were brought to the hospitals in this city on a special train. The crossing has long been a dangerous one, the Big Four also crossing the tracks here at a sharp angle, the distance away is unprotected by either targets or interlocking plant.

WITH NON-UNION MEN.

Effort Will Be Made to Open Mines in California.

Bakersfield, Cal., Aug. 24.—A special to the Californian from Randsburg says:

The negotiations for the settlement of the miners' strike which have been on for several months came to naught. The Desert Mine Owners' association, in conference with President Nelson of the Miners' union, refused to pay more than the old scale, \$3.50 for sinking shafts and \$3 for stoping and drifting, while the union insists upon \$5.50 straight a day for all miners regardless of the class of work, and \$3 for shovelers.

It is evident that the mine owners intend to force matters, and it is feared that the 200 non-union men who are to be sent to the Yellow Aster at once. It is thought, however, that it will be some time before operations can be commenced, as many respects will have to be made to put the mine again in shape. At present there are said to be a number of new cave-ins as a result of the long shut-down.
